The LeadEX is an application for help lead information from visitors and collect to LeadEx cloud system.

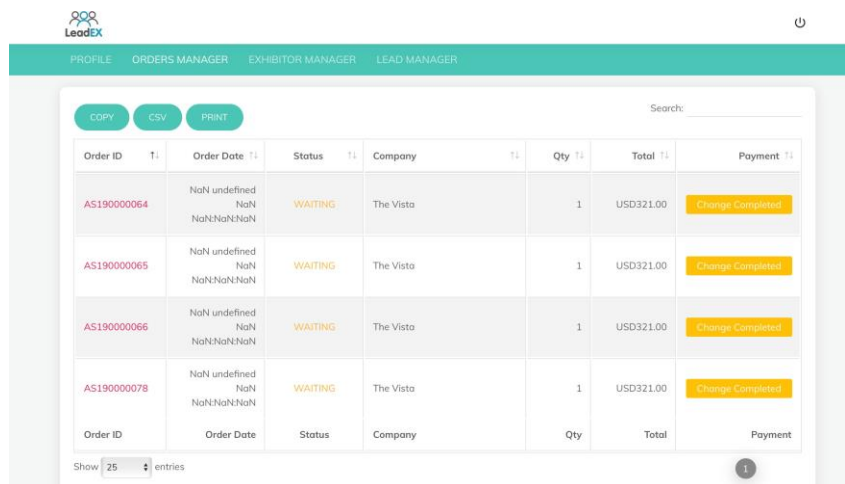

- License Key, Username and Password of member has received after purchase in e-mail that registered.

- Username and Password has use on <https://cloud.leadex-app.com> to export and management any data.

## LeadEx Cloud System

LeadEx has a cloud system in backend system which contained every lead information from LeadEx mobile scanner. After exhibition was end, exhibitors can export lead information from cloud system by go to website <https://cloud.leadex-app.com> then login with username and password (you have received after your order LeadEx license key). A lead information can be export in CSV file format which use in Microsoft Excel and implement in other database.
